1/2"

KL-0132-83 Lambda Sensor Socket, hex, 22mm waf, 70mm long

Universally suitable for use on Lambda sensors having a waf size of 22mm.

Field of Application

Essential tool for the professional removal and installation of Lambda sensors.

The socket is specially cut out to allow the Lambda sensor cable to pass through without any risk of damage when removing/installing the Lambda sensor.

Technical Data

Ø..... 22mm

Drive:..... 1/2" □-axial

Length:..... 70mm

Application examples:

Warnings and Notes

- Any work on vehicles should only be performed by qualified specialist personnel observing and complying with the directions, provisions, and safety regulations specified by the vehicle manufacturer!
- Always refer to the vehicle manufacturer's data and instructions as only these apply to all work that is carried out on the vehicle.
